**CONNECTICUT SITING COUNCIL
INTERVENOR STATUS REQUEST FORM**

Docket/Petition No. 340

Town/City: Ansonia

Name: Brian Freeman

Address: 5 Hampton Trail

City: Wallingford

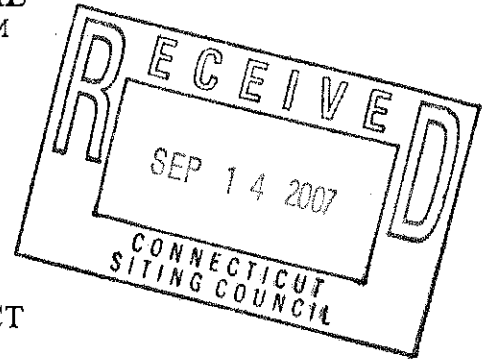

State: CT

Zip: CT

Phone: 203-793-7505

Fax:

E-Mail: brian@sparc.us

1. Manner in which petitioner claims to be substantially and specifically affected:

Amateur Radio Emergency Service would be able to benefit from use of this site for assisting with communications in the Valley as well as the Woodbridge area. It is well documented that Amateur Radio Communications has been used for assistance in natural disasters when normal communications channels are down or overloaded. We have recently worked with the Town of Woodbridge and City of West Haven in Red Cross Drills. We have provided communications for such events as the March of Dimes, Multiple Sclerosis and Autism walk-a-thons. We will be providing communications for the CT State Fireman's Convention Parade in West Haven on September 16th. We have also been working with the Quinnipiac Valley Health District and recently (June 25th) had a test of our communications abilities to assist them to communicate with their satellites offices.

2. Manner and extent to which petitioner proposes to participate:

I plan to install an amateur radio repeater at this location which will be available to licensed operators to use. Any emergency communications would have priority at no cost to the community.

Copies of this request shall be mailed to all participants at least five (5) business days before the date of the hearing.

Signed Brian Freeman
